## PROJECTS

---

**Reporting Web Portal (In Progress)** | Aurora University

**Sep 2021 – Present**

- Followed the software engineer process and developed a reporting application for Fox Valley Special Rec.
- Utilized HTML, CSS, Javascript, Node.js, JQuery, and Bootstrap to build an application concept requested by FVSR.

**FedEx Return Portal & Support Site** | All Sports Marketing, Inc.

**Dec 2019 – Feb 2020**

- Worked closely with FedEx's technology integration team to set up and test a returns portal for customers of All Sports
- Saved the company several minutes a day that would have otherwise been utilized manually creating labels
- Obtained a valuable reporting tool to analyze the number of returns received

## EXPERIENCE

---

**All Sports Marketing, Inc.** | Batavia, IL

**Dec 2015 – Aug 2020**

### IT Applications & Warehouse Logistics

- Deployed and managed several enterprise applications including software like QuickBooks Desktop Enterprise and custom proprietary software
- Ensured all hardware and software was regularly maintained, updated, and patched
- Reworked and updated our online catalog website
- Organized, suggested, and developed procedures to help keep the warehouse clean and organized
